

## EXTREME. RELIABLE.

MADE IN GERMANY 

Kärcher Futuretech GmbH is a wholly owned subsidiary of Alfred Kärcher SE & Co. KG, which is headquartered in Schwaikheim near Stuttgart.

For over 45 years, Kärcher Futuretech has been developing solutions designed to perform in the most demanding conditions. Our mobile systems for catering, water supply and CBRN decontamination, as well as our field camps and specialised containers, help organisations around the world maintain operational readiness both in everyday situations and emergencies. Our strength lies in our ability to seamlessly integrate hands-on experience, technical

expertise, and a commitment to overcoming every challenge reliably. From initial concept to final implementation, we design technology that is consistently functional, high-quality and dependable.

Kärcher Futuretech is your partner that takes responsibility and delivers solutions that build trust. With every development, we pursue one goal: to equip armed forces, emergency responders, authorities, and organizations so they can focus on what matters most.
